The Secretary to Govt
General and Revenue
Department

Sir,

In forwarding for orders of Government, the accompanying Alienation statement, I have the honor to report that, owing to the large demand for sites to build new houses in the rising town of Chennagiri, and in order to effect a deviation of portion of the Chennagiri - Chital droog road which passes through the heart of the town in a very inconvenient manner, steps have been

reserved, and the rest ordered
to be sold.

3. In the lands to be acquired
are included 27 guntas of Inam
land out of Survey No. 11 in
the Khate of Stanumanthi-
devaru, and in lieu thereof,
an equal extent out of the
said Kaval lands may be
assigned and treated as Inam.

4. I request that sanction
of Government may be accorded
for acquiring and alienating
the lands in question on the
terms specified above, as also
for treating as Inam the
portion of the Kaval land to be
assigned in place of the Inam
land above referred to.

quired and alienated for the
proposed improvement of the
town. The owners of these lands
have agreed to receive in exchange
for these lands similar extents
of lands out of the Amratmahal
Raval of Machanikaubhalli
village, which the Government
have in their Proceedings No. 419-21
dated 8th July 1886, permitted to be
given out for cultivation. This
Raval has already been surveyed

Proceedings of the Government of Mysore, Revenue, dated 18th July 1896.

READ THE FOLLOWING PAPERS:—

(1). Docket No. 10987—R. 4327, dated 16th June 1896, to the Superintendent of Revenue Survey in Mysore.

In forwarding herewith in original with enclosures (to be obligingly returned) docket No. 4240—1158, dated 6th May 1896, from the Deputy Commissioner, Kolar district, submitting for sanction an alienation statement in respect of certain lands proposed to be taken up for building purposes in the Tayalur village, Mallipayakanahalli hobli, Mulbagal taluk, has the honor to request the favor of the Survey Superintendent's opinion whether the small reductions of assessment proposed therein may, under the rules in force in the Survey Department, be made in consideration of the occupiers of the lands having to give up the portions of their holdings taken up by Government. Requests further that the principle observed in such cases by the Survey Department be explained for the information of Government.

(2). Letter No. 2, dated 1st July 1896, from the Superintendent of Revenue Survey in Mysore.

In returning enclosures received with your docket No. 10987—R. 4327, dated 16th instant, I have the honor to forward copy of a letter No. 1 of to-day's date addressed by me, on a purely similar case, to the Deputy Commissioner of Kolar. The akarbands must be altered as regards area even although under the "Dhar Sod" rules the assessment may be unaffected.
(Enclosure).

In reply to your docket No. 4766—2477, dated 13th June 1896, I have the honor to point out that although the assessment may not, under the "Dhar Sod" rules be affected the area will certainly be affected and the akarbands therefore will have, in all cases, to be corrected. The work in fact will have to be done in the Survey office. Under these circumstances, there is no object in supplying a "Dhar Sod" table to the revenue authorities. It would be better in cases like those under reference for the Revenue authorities to enter no assessment at all in column 11 of the alienation statement and then when the akarbands are received back from the Survey office the proper assessment to be collected will be at once apparent.

No. 639-47—R. 262, DATED, BANGALORE, 18TH JULY 1896.

ORDER THEREON.—Government direct that, in future, the proportionate assessment to be written off the accounts on account of portions of survey numbers proposed to be alienated for building or other purposes need not be shown in column 11 of the alienation statements submitted by Deputy Commissioners, all that is required being a note in the column of remarks that such assessment will have to be fixed by the Survey Department. In the event of such alienations being sanctioned by Government, the akarband will be revised according to rules by the Superintendent of Revenue Survey and due intimation thereof given by him to Deputy Commissioners.

Deputy Commissioner's Office

Camp Hosodi 2 April 1897.

To

The Secretary to the Government

General and Revenue Departments.

Sir,

With reference to your docket

No 6832
Q. 764-96 of the 29th January 1897, returning

the papers touching the extension of the

site of the village of Hosodi in the

Shimoga Taluk and calling for a full

report thereon after inspection by me,

I beg to submit as follows:—

2. The site of the said village bears Survey No 182 and measures 15 acres and 21 guntas. Owing to the existence of small rocks here and there in that number and the difficulty of tapping water there, some of the inhabitants thereof, alleging that the site was unhealthy, wanted the adjoining unassessed Survey No 71 measuring 3 acres and 37 guntas to be assigned for purposes of building. Thereon a

recommutation issued for the assign-
-ment of Survey No 77 as the village site
and for the old village site (Survey No 182)
being assessed and given out for cultivation.
That was sanctioned by Government in order
No $\frac{5102-3}{137}$ of the 31st October 1888. Upon this
some of those that had applied for Survey
No 77 built houses thereon and sunk wells
and the rest remained on the former site,
and when asked to remove themselves to the
new site and ^{evacuate} ~~abandon~~ the old site, as it
had been assessed they represented that
they could not do so firstly because they
were unwilling and unable to leave their
houses and go and build on the new site,
and secondly because the new site was
not spacious enough to hold all the houses
of the village. In these circumstances
my predecessor recommended that the old
village site also might be retained as
such and the assessment imposed thereon
struck off the accounts. These are the facts
of the case.

3. I saw the village today. There are 40 houses on the old site and 18 houses and 2 wells on the new site. It is true that it is not possible to build all the houses of the village on the new site as its extent is only 3 acres and 37 guntas, while the old site measures 15 acres and 21 guntas. In the new site there is only space for 4 or 5 houses and as it has been taken up I think that it will also be built upon eventually. As both the sites are almost contiguously situated I think that both may be retained as such and the assessment put on the old site, viz: Rs 8, taken off.

4. A sketch showing both the sites is enclosed. There are 108 men, 107 women, 126 children in the village, and 182 bullocks, 119 cows, 117 calves, 51 buffaloes, 7 goats, 7 ponies and 3 asses. —

5. The vernacular record of the case is herewith transmitted together with the alienation statement.

grant is only standing the site			The survey No 182 measuring 15 acres + 21 guntas was originally the village site of Nasooli. On the representation of the inhabitants that the site was an unhealthy locality, unassessed waste land survey No 71 measuring 3 acres + 37 guntas, was assigned for the village site and survey No 182 was assessed at Rs 8/- vide Government Proceedings No 502-3 dated 31 October/88. Subsequently however it has been found that survey No 71 is quite insufficient for the purpose, and that it is indispensably necessary to reserve survey No 182 also for the village site. Hence the alienation of the land may be sanctioned.
